

How to download and use the atube catcher

How to download atube catcher:

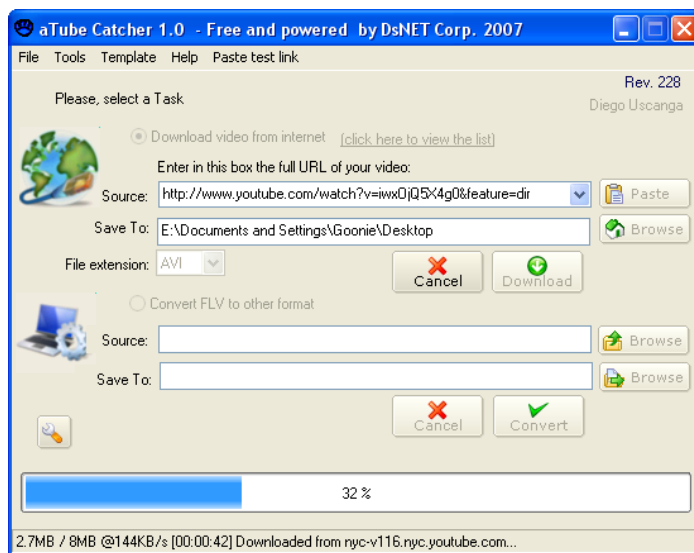

Go to: <http://atube-catcher.en.softonic.com/>

Click on “Download”

If you do not have admin privileges on your school computer you may need to have your tech coordinator complete the download.

Once you have downloaded the atube catcher:

1. Launch the program.

- 2. Open internet explorer and go to YouTube.*
- 3. When you find the video you want to convert copy the URL*
- 4. Paste the URL into the “source” field.*
- 5. Browse for the file in which you would like to save it to.*
- 6. Be sure the file extension is WMV*
- 7. Click on Download.*
- 8. You will then have the video file saved separately and will be able to pull it up for safe viewing without the internet.*
